FACULTY @ RCM

Intellectual Capital

- ✓ The faculty members hold a rich experience in the field of Management and Technology. They carry their research experience into the classroom and impart the knowledge to the students.
- ✓ The faculty helps students in building skills and intellect through innovative teaching methodology.
- ✓ The faculty members prove to be pillars of strength in their own right. Their excellent experience and skills assist in enhancing a student's potential to the next level.

LEADING THE WAY

A team of highly qualified, dedicated, and experienced faculty members deeply engaged in education and research helps elevate the success factors for students. The college renders an extensive platform where one can cultivate skills in order to channelize one's career. The faculty establishes an effective understanding of fundamental concepts through direct contact with the business leaders and industry experts.

RCM faculty are leading innovators who work both inside and outside of the classroom to chart the growth of students and transform them.

It is not our hi-tech classrooms but brilliant pool of faculty that create all the difference.

DEFINE YOUR COMMUNITY

RCM Community helps each other succeed in college and throughout their Careers

Our inspiration to make a difference comes from the power of our Alumni Network. Around the world, our dedicated alumni provide critical financial support, offer invaluable services and opportunities to students, and support our faculty members in their teaching and research.

15780+ & GROWING

OUR ALUMNI AS MENTORS:

Mentorship takes many forms, from serving as a class guest speaker or a panelist in an industry discussion to offering advice at a one-on-one coffee chat. Regardless of the format, being a mentor creates vital connections and provides an avenue for our alumni to share their expertise.

Our Alumni as Career Guides:

Our alumni play an important role in helping students launch careers and pursue meaningful internships.

Alumni Association:

The maintenance of a strong alumni community is highly-valued and a key component of the RCM academic model: alumni pay regular visits to campus as guest speakers, attend RCM alumni association events, come forward to advise and mentor.

Hosting Students:

Direct company engagement has always been a cornerstone of the RCM experience. Our vast alumni network carries this legacy forward year after year by hosting RCM students on industry-focused treks and transformative global experiences. Alumni working for companies of all sizes-ranging from startup ventures to Fortune 500s provide students with a unique perspective of how commerce shapes communities, nations, industries, and cultures.

RCM ADVANTAGE: NETWORKING

The campus will become your second home, and these people – your classmates, professors, and staff – become your family. You can count on them to support and encourage you at every turn, from learning a difficult business concept to interviewing for jobs.

LIFE @ RCM

WHY MCA @ RCM

Master of Computer Applications (MCA) is a two-year professional post-graduate program that offers in-depth knowledge about digital technologies, computers, and applications. It is best suited for candidates wanting to delve deeper into the world of computer application development with the help of learning a modern programming language. Candidates receive training in modern programming languages and learn how to develop fast applications for contemporary businesses. The program is a blend of both theoretical and practical knowledge. An MCA degree endows students with an opportunity to work with tools meant to develop better and faster applications. Designed to meet the shortage of qualified professionals in the IT (Information Technology) industry, pursuing an MCA degree would open a wide range of career paths and employment opportunities.
